Drinking water “Legenda gor Arkhyz” is not artificially processed, it is natural mineral water. Delivered to the consumer in its original form. It is mined in one of the most environmentally friendly corners of Russia - the Arkhyz Gorge.

Mineral medicinal table water “PSYZH” is an activator of vital energy. A distinctive feature of water is that it promotes the production of serotonin in the human body. The "PSYZH" brand was released in 2017 and was included in the Forbes rating as one of the most successful brands of the year.

Drinking water “Gornaya vershina” is one of the most popular mountain waters in a volume of 19 liters. For more than 20 years, residents of our country have been ordering “Gornaya vershina” water every day for themselves, their family and friends.

Children's water "Dlya Lyal" is created specifically for babies and takes into account all requests for functionality and food safety.

Founded in 2017, the AIS WTR brand is a unique production of sparkling and drinking water, as well as carbonated drinks. All products are made on the basis of pure mountain water extracted on the territory of the Teberda State Nature Reserve in Karachay-Cherkessia. Originating in the glaciers of the Caucasus, the water passes through the natural filter of rocks, acquiring a unique taste and ideal, natural purity. The company carefully monitors the quality of its products, carefully preserves time-tested recipes and constantly adds new, modern tastes. All this makes the product line diverse and prices affordable.

Today AIS WTR is

- High -quality raw materials for production;
- Modern automated equipment;
- Quality control at all stages of production;
- Minimum prices with high quality;
- High customer focus.

MELISSPIRO

is a natural, healthy and tasty tea! Production is located in a picturesque and environmentally friendly place - in the Karachay-Cherkess Republic! The natural wealth of Karachay-Cherkessia is, first of all, evidenced by the fact that the lands of the republic belong to specially protected zones: the Teberdinsky and Caucasian nature reserves. Mesmerizing mountain landscapes, old-growth forest, herbs of alpine meadows reminiscent of an oriental carpet, a variety of fauna - all this is the unique nature of the Karachay-Cherkess Republic. To obtain high-quality products, all medicinal plant materials are prepared by the company independently!

Honey s Kavkaza - products from the sunny Karachay-Cherkessia. Although honey is a well-known product, this product may surprise! There is a wide range of different varieties of honey, jam based on homemade berries and fruits, as well as the famous jam of cones. Great attention should be paid to the balham - a folk healing balsam, thanks to which you can forget about chronic cough, frequent colds and bad health.

It is suitable for both children and adults, just half a spoon a day and the whole family is healthy.

The microgreen eco-farm is a place where you can find a lot of vitamins and microelements. The products are grown with care and love, without the use of mineral fertilizers. In the greenhouses of the eco-farm, products are grown on a peat substrate and watered with spring water. Lettuce and microgreens are grown in the greenhouse all year round. Free delivery is provided for cafes and restaurants.

KATADZE.GLAMP

is a comfortable a-frame house equipped with everything necessary for the best holiday in the mountains. The main task is to make the stay memorable and comfortable. The team of KATADZE.Glamp are professionals who took care of every detail. Houses can comfortably accommodate up to 12 people, and you can rent two houses for a large company. The street has a barbecue area and a bonfire, and between the houses there is a panoramic transition where you can enjoy the views in any weather. The houses are located in the resort's very center, while they are hidden from the prying eyes. Nearby - cableway, restaurants and shops and the tourist center KATADZE, where you can solve any issue.
